Dear reader,

Hello, my name is Jaden Allen. Hope you are having a wonderful time. I'm a Senior art student at UNCG. I've also participated in office of leadership and civic engagements and career and professional development activities and events.

I'm writing this letter because I'm interested in becoming a part of the graphic design position at the recreational and Wellness center. I know the recwell from going there on a weekly basis, 3 days per week, since Spring 2023 so I know the routine to go there. Plus, it only takes around 10 minutes to make it there. I wanted to work for recwell because I love going to this gym, One of my favorite places to be. The reason I wanted to do graphic design is because as mentioned above, I'm in new media and design and a lot of that is based in graphic design so i would be good to perfect my skills.

I'm an art student, particularly a new media and design student. I wanted to do some graphic design work to strengthen my knowledge and skills in it. I'm pretty skilled at making graphic design and putting ideas to life. For example, let say you ask me for a design, I'll ask for suggestions and ideas for what is need; you give it, I'll write it down and generate the possible designs that would work; however, I would make check-ins to see how the design works or looks. I've work on typographic, photography, imaging, and sequencing, along with 3D/ VR interactivity and web design. I also have 2 years' worth of Spanish experience plus some Duolingo lessons I'm currently doing. In conclusion, I'm good at making Art, designs, photographs, and interactivity.

I hope we can speak furthermore anytime.

If you want to contact make,
